## **Making History Count – One Beat at a Time**

Being part of history is true for many of alumni and current students.

In addition to alumni who continue to be part of the tri-church community and Holy Family, the school has become multi-generational as a foundation for education.

We hope to showcase some of those families in future editions and let everyone know how far an education at Holy Family can take an individual.

### **Braggin' Rights**

This update celebrates our 2022 Graduates.
